

## 2023 Retail Management Trainee Program

### Program Overview

The Leadership Program is designed to offer recent university graduates an opportunity to fast-track their careers with Louis Vuitton as a Future Leader in Retail.

### Store and Office Rotations

The 24-month Leadership Program will immerse young talents in an accelerated learning environment to develop their Team and Retail Management skills through on-the-job training, diverse projects, personalized mentoring as well as engagement with our management team. The structured rotational program across Stores and Office will equip our Management Trainees with multi-faceted operational experience and practical skill set to prepare for a management role in Retail.

In Stores, Management Trainees will have hands-on experience with Clients, as well as Business Development, Retail Operations, Team Management and Project Management. During the Office attachment, they will be tasked with functional assignments. They will also gain first-hand exposure to the dynamics of how different departments work together through a cross-functional project.

### Regional Exposure

Throughout the Program, Management Trainees will be part of a community of fellow Trainees in North Asia and have the opportunity for regional exposure through shared learning and projects. The Program will incorporate a range of learning opportunities as well as mentorship by senior managers, so by the end of the Program, Management Trainees will have built a robust and comprehensive foundation in Retail Management.
